

WHEN DISASTER STRIKES – IS YOUR BUSINESS PREPARED?

Being prepared for an emergency or natural disaster is key to a business's ability to resume operations after an interruption. Don't be caught off guard – Plan Ahead!

GET INFORMED

Sign up to receive notifications from Alameda County's emergency alert system by text, email, or phone. Encourage your employees to do so as well.

MAKE A PLAN

Roughly two-thirds of small businesses don't have a disaster recovery plan, making it difficult to resume operations after a shock. This toolkit will help you create a plan so that you can quickly recover.
